Subject: Aeronautical Product Installation Approval
CTA Project Number: H.11-025-01

Dear Sir,

After reviewing the data you submitted to comply with Brazilian requirements set forth in the FAA AC 21-2J, the CTA grants to Microair Avionics Pty Ltd this installation approval for T2000SFL-01() Transponder, ATSO authorization 1C74c.

Be advised that any further modification of the current approved design should be submitted to the CTA after CASAA approval.

As an installation approval holder, you are required to report to the CTA any failure, malfunction or defect related to the product identified herein. You must also notify the CTA when you discontinue the production of this article.

Mr. Carlos Del Monte is CTA coordinator for this process. For further information on this approval you may contact him directly by phone 55(12)3913-6169, by fax 55(12)3941-4766 or by e-mail carlos.delmonte@ifi.cta.br.

Sincerely Yours,
